Discussion with Mr. Colby: On this date I spoke with Mr. Colby

- (a) NCPC I told him that we would plan deliberately to slip the schedule so that we could not appear in October and that we would plan for the Commission session in November. I confirmed that we still owe him a paper tying down the proposed action.
- (b) Information/Management Sciences Training I informed Mr. Colby that the initial response has been surprisingly good 12 CIA and 4 NSA students for the September course thus far. He in turn mentioned the courses given by OCS and the requirement to have these dovetail with what OTR is doing. I told him that we had already called attention to the potential overlap or duplication and the need to tie in tightly with OCS. I subsequently sent a note to DTR mentioning the above and confirming our earlier noting of the matter at the time
- (c) 18 September Celebration I urged Mr. Colby to get the Deputies, General Counsel and Inspector General together for a few minutes after a Morning Meeting in order to pin down the program. Mr. Colby acknowledged that we must do this in view of the now short head time. I expect, however, that he will call a full Deputies Meeting and include this as an agenda item.
